Images

All images have been removed from this template and you will see image placeholders on where you can add images. To add an image, just click on the image icon and choose your image.

If the image goes on top of other elements on the page, fix this by right clicking the image and choose Send Back from the options.

To edit page number, name company, address of website go to the master slide:

1. Menu 'View'
2. Select Master
3. Select 'Slide Master'
4. Modify or delete
5. Save
6. Close the Master Slide.

How to use icons in the Power Point Template

To add a font icon, go to Insert -> Text box, once you have created the text box and it's active (cursor still blinking in the box) go back to Insert and choose Symbol. Now choose important font from the font drop down menu, choose your icon and click Insert and then Close.

*Thanks for choosing our item!
We hope you enjoy it!*
